

OVERDRAFT TRANSFER PROTECTION AUTHORIZATION

We offer several overdraft options that automatically transfer funds to pay checks, ACH and debit card items, which may otherwise be returned for non-sufficient funds. Overdraft protection is used in conjunction with your checking account at Rancho Federal Credit Union. When your items are paid, this service will help save you the embarrassment and additional fee by the merchant.

1. Overdraft Transfer Protection – When a checking account is opened, it is our standard procedure to setup Overdraft Transfer protection from the regular savings account, suffix (00), of the same account number where the new checking is opened. 3 (three) fee free automatic transfers are provided each month.

2. Additional Overdraft Transfer Protection is available from available funds from other savings within the same account, or from a different account you have at Rancho FCU, as long as you designate and authorize those accounts and shares below.

I understand that I will receive up to 3 (three) fee free Overdraft Transfers per month and after that each Overdraft Transfer is \$2.00 each.

If there are insufficient funds in the sources selected, the item(s) will be returned and an NSF fee will be accessed for each item. If presentation of an item is done multiple times, more than one fee may be charged for the same item. This authorization is to remain in full force and effect until I provide Rancho FCU with a written authorization requesting otherwise.
